

## 2016 Nebbiolo Lost Coast's Dragon Vineyard

Delicate aromatics including hints of rose and pineapple round out the supple tannin structure of this wine. The light red color from the pale grape skin provides an ethereal backdrop to the balanced acidity of this unique noble grape transplanted from Italy to a remote region of California. Crafted from grapes that ripened late in the coastal-influenced continental climate of the valley, this wine beautifully expresses the uniqueness of Humboldt County climate and soil.

### Technical Notes

Vineyard: Lost Coast's Dragon Vineyard

Harvest: October 31, 2016  
Location: Humboldt County, California  
pH: 3.45  
TA: 7.0 g/L  
Amount produced: 75 cases

### About the Vineyard

Lost Coast Vineyard Wines actually owns more than one vineyard in Humboldt County, but our Nebbiolo grapes were sourced from their lovely vineyard in Hoopa, California. Family owned and cared for, this vineyard is in an ideal location for the "continental" climate that Nebbiolo grapes prefer.

### About the Winery

The Terragena Vineyard team, headed by winemaker and vineyard proprietor Chris Buchanan, crafts limited production wines with the same spirit of adventure that first led us to build our off-grid vineyard in Humboldt County. We are inspired by the ruggedly beautiful hills, forests, and meadows around us to create wine that expresses these characteristics of the land without any added fluff or distraction. *Terragena* is a latin word meaning "born of the earth." We are dedicated to sustainably expressing the unique characteristics of our estate vineyard as well as our diverse partner vineyards by nurturing the wine from the earth to the bottle.

*Terragena crafts limited production, handmade wines with the intention of sustainably expressing the unique character of each vineyard.*

With meticulous care, Nebbiolo produces some of the world's most elegant and ethereal red wines. Planted in 1993 and organically dry-farmed, these grape vines were almost lost because of the difficulty of cultivation. The Dragon Vineyard is one of very few plantings of Nebbiolo in California and benefits from a unique river valley micro climate.

BOTTLE # \_\_\_\_\_ OF 900
